R. RICKARD'S LIFE.

A BRIEF SKETCH OF A REMARKABLE MAN

Read Before the Board of Town Trustees on Monday Night Last.

Reuben Rickard's Life.

At the meeting of the Board of Trustees held on Monday evening last the following brief sketch of the life of Reuben Rickard was read by President Richards, and ordered spread in full upon the minutes of the meeting.

"Reuben Rickard was born in England, August 20, 1841, and at a very early age began the practical study of his chosen profession, mining engineering. He served his apprenticeship in the machine shop and assay office, and also spent a year or two in the study of surveying and book keeping. His energy and ability won him the confidence of his employers and he was promoted to various positions of trust.

"While still a very young man he was employed by John Taylor & Sons of London to superintend their mining and metallurgical ventures in Pontgibaud, in the province of Puy de Dome, France, and here he gained great experience in mining and treating silver lead ores. His success at this place and his knowledge of this particular line of work secured him the offer of the management of the celebrated Richmond Mining Company at Eureka Nevada, which he accepted, and he entered upon his new duties on February 22d, 1875. He resigned this position after a most successful period of six years, during which time he acquired considerable property which proved quite profitable. On resigning in October, 1881, he occupied himself in examining and reporting mines in this country and Mexico for English capital.

"He married Mary Elizabeth Humphreys on October 3d, 1863, and six children were born of the union—five boys and one girl. Two boys died in France while very young and another passed away in 1887.

"The family moved to Berkeley on July 24th, 1882, and after a trip to Europe in 1888, Mr. Rickard practically returned and devoted himself to looking after his investments and to town affairs in which he always displayed great interest.

"The loss of his wife in March 1895 and his consequent grief drove him into activity again, and the fatal trip to the deserts of West Australia resulted.

"His success may be attributed to his knowledge of men, his adaptability to circumstances and conditions, patience, perseverence, enthusiasm, and not last of all to the influence of a loving and faithful wife, for whom and his children, he lived a life of perfect devotion."

After the presentation of the resolutions and sketch, President Richards said:

"Such is a brief sketch of a remarkable man, whose untimely death is a great loss to Berkeley. The great majority of men pass away unnoticed, save by their immediate circle of friends, but there are a few men who stamp their individuality upon the land and age in which they live. We never can contemplate Socrates without thinking of Plato. James Monroe still dominates the policy of the United States as effectually as though he occupied the presidential chair today. So, in a smaller and more contracted sphere, Mr. Rickard has left his impress upon Berkeley. Our new Charter, for which he labored most earnestly, gives evidence of his guiding hand. As with men of force and strong will power, a space cleared itself around him, leaving room for freedom and independence of action.

"The distinguishing characteristics of Mr. Rickard may be summed up in one short phrase, 'public spirited citizen.' This is our American pattern of nobility. We have no objection to a certain kind of aristocracy. Aristocracy rightly means the government of the best, and the best are the public spirited citizens. This is the kind of aristocracy of which no one has any need to feel a fear. Everyone may come into it if he pleases. Everyone may become a public spirited citizen. There is an objection to pride in money, especially if one does not earn it, but merely spends it. There is no objection to pride on account of disinterested public service.

"A celebrated author has said: 'Censure is the tax a man pays to the public for being eminent.' Mr. Rickard did not escape this tax. Death must come, and enmities must cease before faults or virtues can have justice done them.

A beautiful fable is told of a famous King of France. After death his heart was taken from the body and there was found deeply impressed upon it the word "France"; and so during Mr. Rickard's public life, there was no other subject nearer his heart than the welfare of Berkeley.

For Kitchen Service.

The Sunset Telephone and Telegraph Company has decided to introduce a new feature in Berkeley, namely a kitchen telephone service. This telephone will be put in operation just as soon as ten subscribers are secured. The service will be given for fifty cents per month and will be for an unlimited use to the full capacity of the circuit with which the several telephones are connected.

This telephone is placed in the kitchen only, not in the hall nor in the dining room, nor any outside room, but directly in the kitchen, where it can be readily used to the physician, druggist, butcher, baker, grocer, coal dealer, etc.

This kitchen telephone service will be allotted for the principal exchanges of the State, the allottment being one hundred sets each for Los Angeles, San Jose, Sacramento, Stockton Oakland and San Diego. These telephones are for outward service only. On account of the saving made by the company, in that no arrangements are required for being called up, and the saving at the Central office for the same reason, a number of stations can be placed upon one pair of wires.

The fact that this telephone is first for the special uses mentioned does not prevent its general use in connection with any one of the local subscribers connected with an exchange.

These kitchen telephones will be of great use to Berkeley people, as the residences here are all some distance from the business part of the town, and much time and inconvenience may be saved by placing one in your kitchen.

Card of Thanks.

EDITOR GAZETTE — Allow me, through your paper, to extend my sincere thanks to, Mr. L. O'Neel, Mr. Windrum and son, Charles and Thomas Crue of Channing way, Mr. Martin and Mr. Nixon of Fifth street, Mr. Purseson and brother and Dr. Polaci of Sixth street, and the others for kindly repairing the damage done to my property, resulting from the wind storm of Saturday, February 29th, and for the assistance given my family at that time while I was absent. Overheard.

A conversation overheard by some students under the electric light:

"Hello, Charley!"

"Hello, May! You are looking fine. I notice a change in you, but don't know what it is."

"That is what all my friends say. I'll tell you, if you don't give it away."

"All right, I won't."

"I got a bottle of that GOLDEN FACE WASH for $1 at Baer's, the Berkeley pharmacist, and it has cleared my face of those horrid pimples. Get a bottle and you will hardly know yourself after using it. Get a bottle of that FRENCH HAIR LUSTRAL, too."

The Oakland Paving Company commenced this morning on macadamizing of Shattuck avenue. The Company were stopped from working by the recent rain and snow storm.

On account of repairing the electric railroad company's bridge near the Brewery at Temescal, passengers going to and from Oakland from Berkeley have to change cars at this point.

CHAS. A. BAILEY OFFERS $1000 AS A BONUS

To any Company who will Build an Electric Railroad to West Berkeley.

West Berkeley Progressive Club.

The regular meeting of the Club was held last evening, President Hadlen in the chair. There were a goodly number present and all the officers answered to their names. The Trustees and School Directors of West Berkeley were also present.

After the reading of the minutes three new members were elected, viz, Chas. A. Bailey, George Phillips and Mr. Bramskd.

The President then introduced Mr. Bailey who addressed the Club for an hour upon the advantages that Berkeley offered as a location for industrial pursuits and a place that was desirable for homes, where people would become wise and enjoy the beautiful scenery which nature has so lavishly bestowed upon Berkeley.

That Berkeley is such a place was evidenced from the fact that the State University was located on the foothills here, and also the handsome and extensive buildings of the Deaf, Dumb and Blind Asylum.

The rapid growth of East Berkeley proves that a great many people hold the same opinion. He said that Berkeley is far ahead of Oakland, Alameda and even San Francisco as a place to establish a large and healthy city, and there is but little doubt but what Berkeley would have been the metropolis of the Pacific Coast if the railroad company had built a pier out to deep water from the Berkeley shore in the first place. The lack of water had operated against Berkeley and kept it in the background. Berkeley, at the present time, is not making the progress that it ought to. It is, it is true, making rapid progress in East Berkeley but the other two-thirds of Berkeley was at a standstill for the lack of quick communication with San Francisco and Oakland.

It would help matters a great deal if West Berkeley had a through train to the mole. The train could be run as one to Sixteenth street, having a locomotive in the middle of the train. Arriving at Sixteenth street the train could be cut in two and the first section could go right ahead, making its first stop at Adeline street and so on to Berryman, and the latter half could stop at all the stations from Sixteenth street to West Berkeley.

The Southern Pacific has done a great deal for Berkeley, and will no doubt do a great deal more in the future, if the matter is presented to them in a proper way. The need of electric roads through the central and western parts of town has been a long felt want, and he urged the necessity of taking immediate steps to offer inducements to the Oakland Consolidated Company or the San Pablo avenue line to extend its lines to West Berkeley.

In order to start the matter Mr. Bailey offered $1000 toward a bonus fund for any electric railway company that would give direct communication with Oakland, the road to run through the central portion of town. He would also give a site in the Grayson tract to any firm or corporation that would locate a factory there employing 45 or 50 men.

The Chairman appointed the following committee to take the matter of securing more water in hand and push it along. Chas. A. Bailey, C. H. Spear and Fred Wilkes. As a committee to see the San Pablo avenue line, and induce them to extend their lines to West Berkeley: Chas. A. Bailey, Ed F. Niehaus, G. A. Shuster and C. H. Spear. As a committee to interview F. K. Shattuck, and get him to renew his offer of a site for the Wilmerding school: Messrs. Bailey, Hoff and Durrell.

The following resolution was unanimously adopted:

Resolved, That the Club protests against any more sewers being laid in West Berkeley until the water supply is sufficient to flush them.

The Secretary was notified to present this resolution to the Board of Trustees.

The necessity of a public wharf was very manifest from the remarks of Mr. Renas, who said that the merchants about town had been notified that after March first the price of freight by the Steamer Hope would be increased 25 cents per ton. This is because there is no public wharf where merchants can land their wares and it would compel business men to haul wood and coal from Oakland a distance of five miles, when, if there was a public wharf it could be landed at our very doors.

There being no further business the Club meeting was adjourned until next Tuesday evening.

The Oakland.

"Kidnapped" is a play of innumerable sensations, fine scenic effects and clever bits of comedy was given by the Bacon company at the Oakland theatre last evening. The story of "Kidnapped" is cleverly told, and each member of the cast did excellent work. Among the scenic effects, the burning house and the three different views of Brooklyn Bridge were special features. In the third act a hack with horses is used and in the last the arrival of the police patrol wagon pleased the gallery gods as usual. The piece is staged in splendid manner.

Virginia Jackson made the hit of the evening as Maggie McMooney. The heavy was done by Howard Scott in his usual smooth manner. Stanley Rose gives a very acceptable performance in the leading role, and is well supported by Florence Earle. William Burress, the comedian of the company, created plenty of laughter as Michael McMoonney, wid a star. A clever bit of character work was done by Joseph Muller, the energetic advance man as "Nosey." May Manley does well with the difficult role of Ann Blake.

Frank Bacon shares honors with the leading members of the cast. Miss Jeanie Weidman, the talented wife of Mr. Bacon, appeared in the soubrette role of "Daisy," and was well suited for the part.

"Kidnapped" made a big hit last night, and large houses should be looked for the balance of the week. To the credit of the company may it be said that they dress in taste, and their stage appearance is far better than some of the high-class companies. The play will hold the boards the balance of the week.

Brackett is president, Charles McGreer secretary, Horace Wilmott business manager and Archie Wilmott treasurer. In connection with the Trilby Club it brought off its first social function last Saturday evening. This was a surprise party, J. McCarty of Potter's station being the recipient. The affair was a complete success, one hundred and fifty people being present several of them being from San Francisco and Alameda. Supper was served from 12 to 2:30 o'clock and the remainder of the time was devoted to music and dancing.

Young Mr. Miller, who resides on the corner of Fairview and Calais street is now very ill with typhoid pneumonia.

The Sunset Telephone Company is putting up four new lines of wire through this place. This is for the purpose of avoiding vexatious delay on the part of its patrons, it having often been the case that people have had to wait half an hour for telephone service.

Superintendent Charles McClane of the Oakland Gas, Light and Heat Company, who is in charge of that company's affairs here, is now engaged in putting in a new and improved system of electric lights for this place.

The "96" Leap Year Club, composed entirely of ladies, is the latest organization here. Its purpose is to promote general sociability, and it will give its first entertainment just after Lent.

What has been known as the Berkeley Steam Laundry of this place has failed in business. Harry Greenough, who has been appointed deputy sheriff, has charge of affairs pending an investigation.

Trustee John Martin has provided for the putting in of a fire hydrant at nearly every corner here, and the work is expected to be completed in about three days. The Lorin fire department expects to receive its new apparatus in a few days, and this, in connection with the hydrants will afford excellent protection against fire.

Golden Gate.

The next social entertainment in which our young people generally take great interest, will be the Leap Year party given by the Trilby Club at Klinker hall next Saturday evening.

The roll of honor of the Bay District schools for this month contains 126 names, an increase of 18 over the showing of last months. In view of the fact that considerable illness has appeared in the schools within the month, and a number of scholars necessarily absent, this is thought to be an excellent showing.

The cricket, ball and other athletic clubs here have taken a somewhat novel method for clearing the grass off their grounds preparatory to the spring campaigns. They have a band of 500 sheep, belonging to U. M. Slater of the Stockyards, camped thereon, and these are making short work of the grass in more ways than one.

Captain Gifford has recently rented several residences to incoming citizens and reports the demand for good rentable property very fair.

The next entertainment given by the Epworth League will be a sonnet social at the residence of Mrs. George Hunter of Klinkner avenue. Several novel ideas will be introduced and an unusually entertaining evening is to be anticipated.

Mrs. James Brown, who has been very ill for some time past is now improving.

The concert held at the Methodist church here last Sunday evening was a great success. These entertainments have been growing in popularity and are always appreciated by the general public, but this one appears to have abounded in especially pleasing features.

The coming and going of the regular freight train at East Berkeley every afternoon makes business look a little more lively in this part of the town than usual. It is a great accomodation to the merchants as freight can now be obtained every twenty-four hours and not semi occasionally as heretofore.

The alleged prospects of C. L. Oldenbourg, a student in the California University, becoming a Duke, have given the young newspaper writers in town an opportunity to work up much space in the City newspapers. Quantity of reading matter instead of quality seems to have a strong hold in their minds.

The flower show inaugurated last year by the Women's Auxiliary of the Unitarian Society of Berkeley, proved to be such a success that it will be followed by one this year. It will be under the direct charge of Mrs. C. Wattles. This Society and its annex are doing a great deal for the mental and taste culture of Berkley, and their effects should be appreciated.

The Salvation army is in need of under clothing, shoes and pants. Yesterday they fitted out four different parties. The cast off clothing is made over by willing hands to suit the occasion. Anybody that has anything of the kind which they have no further use for, and will notify the GAZETTE office No 2119 Stanford place the articles will be sent for. A great many things can be made over and utilized for the benefit of the needy.

Have you seen that fine full length portrait in Wilhelm's Art Store, corner of Twelfth and Clay streets in Oakland. It is worth a trip on the cars to see it. Besides there are a thousand other things in the store that will please every art admirer. He or she is sure to see something wanted and will be glad to know of a place where such things can be purchased.

We are glad to note that Walter A. Gompertz, one of Berkeley's brightest young men, has been elected into the Directory of Dunsmuirs Coal Company of San Francisco. It is the largest Coal Company on the Pacific Coast. Mr. Gompertz is the Secretary of the Crescent Athletic Club of Berkeley, and his many friends will be pleased to hear of his promotion.

A meeting was held this afternoon by the Associated Women Students of the University to discuss some plan whereby the co-eds may do something toward the beautifying of the University grounds. Regent Reinstein suggested that a foot of soil be put upon a plot fifty feet wide around the north, south and west sides of north and south halls and be planted in flowers, the same to be set out by the co-eds.

When Californians talk about feet it is generally surmized that feet in a mining claim is meant. Ladies in speaking of feet generally refer to them as Trilbys. To come to a proper understanding is an everyday feat. There is a young man in Oakland who has a natural faculty for placing the right shoe on the right foot, not on the left as many do. If you call at his place, 961 Washington street he will give you more good ideas about shoes in three minutes than you have accumulated in a life time.

FOR SUPERVISOR.

Although at the present there is very little being said in reference to the coming election of County Officers, there is a great deal of thinking going on. Berkeley people are determining in their own minds who shall represent them as Supervisors in the East and West Ends. In the East End, Supervisor Joseph Johnson is the incumbent and he naturally deserves to be reelected. He has several strong competitors however, and as they come from the same ward in which he lives, Berkeley and that portion of Oakland Township which is in his district will without doubt have the naming of the candidate.

His strongest opponent is D. C. Brown, an Oakland business man who has always interested himself in the advancement of Oakland and Alameda county, being one of the leading working members of the Board of Trade and the Merchants' Exchange.

He is not new to supervisoral work, as he has once before represented this district as Supervisor, and he during that time made an excellent record. In fact, when his term of office expired, he was the recipient of an elegant gold watch and chain, presented to him by an admiring constitueacy. He is well known in Berkeley, where he has many strong friends and partisans, who are quietly at work preparing to make a strong fight for him.

We understand that he will visit Berkeley in a few days and inform our people of his candidacy. We know that he will be well received, and that he will make many friends, for he is a pleasant and genial gentleman, and above all an honest man.

TO BOOM WEST BERKELEY.

The West Berkeley Progressive Club held a largely attended meeting last evening for the purpose of transacting its regular business and of listening to the suggestions of Charles A. Bailey, one of the largest property owners of Berkeley. Mr. Bailey in the course of his remarks stated that only about one third of Berkeley had been developed and built up, while the other two thirds was practically yet a farming community. The cause of this was the lack of rapid transportation to and from Oakland, and the lack of water. The water question he understood had been settled so that in all parts of West Berkeley there would be plenty of water for domestic purposes and for fire and sewer purposes. This in itself would be of great benefit to the West End of town as it would be an inducement for people to come here and purchase lots and build houses, but in addition to this, these people wanted street railroads and they wanted them in all parts of the town. The people who lived here now wanted them and ought to have them. Railroads are always anxious to build into thickly populated sections without any urging, but they were adverse to building into sparsely settled localities unless they were offered some inducement that would cover their expenses until such time as the section into which the road is desired is built up.

It was necessary for the people themselves to take a hand in the matter and induce the railroad companies to come to West Berkeley. It would take about $5000 to get the railroads here and if the property owners of West and Central Berkeley would put their hands in their pockets and give something toward such a fund, the roads would soon be in running order. The amount for each property owner would be very small and would never be noticed. Mr. Bailey stated that as a starter, he would give $1000 in cash and a site on San Pablo avenue for a power house to any railroad that would extend its lines to West Berkeley, and he thought that there should be no reason why the property holders and other residents of Western and Central Berkeley should not raise the other $4000 necessary. He stated also that many people thought that the choicest lots for residence purposes were up against the hills. With them he had to take issue for the following reasons:

In the first place a lot up in the hills gave a beautiful panoramic view of the Bay, the Golden Gate and the surrounding country, but the grandeur of the hills was entirely lost to them. In West and central Berkeley the same beautiful view could be obtained as could be had from the hills, and also the beauty of the hills as a background. He considered Berkeley one of the most beautiful places on earth for homes and views, and it will quickly settle up when rapid transit can be had between here and Oakland.

The Club decided to appoint a committee to visit the property owners of West and central Berkeley, and have them subscribe to the fund which Mr. Bailey has already started with a subscription of $1000, the same to be given to any company who will extend its lines to West Berkeley, and carry passengers to and fro without transferring them at any point en route.

The West Berkeley Progressive Club at its meeting last evening adopted a resolution to be sent to the Board of Trustees which stated that the club and property owners of West Berkeley would oppose the laying of any more sewers in West Berkeley until a sufficient supply of water was furnished to properly flush them. It is held that owing to the lack of water to properly flush the sewers in the West End they are a menace to the health of the people, and are responsible for three-fourths of the sickness that occurs in that portion of the town. The resolution will be presented to the Board of Trustees at its next regular meeting Monday, March 23d.

Assessor's Poll Tax and Road Poll Tax Notice.

Poll Tax and Road Poll Tax must be paid on demand.

Oakland, Mar. 2nd, 1896.

Notice is hereby given that the State Poll Tax and Road Poll Tax for two dollars each for the year 1896 is now due and payable at my office, Room one, Court House, or to a Deputy Assessor.

Sec. 3839 of the Political Code reads as follows:

Every male inhabitant of the State over twenty-one and under sixty years of age, except paupers, insane persons and Indians, must annually pay a Poll Tax of two dollars, provided the same be paid between the

First Monday in March and the First Monday in July,

then it shall be three dollars.

Sec. 3846 of the Political Code makes it the duty of the Assessor to demand Poll Tax of every person liable therefor, and on the neglect or refusal of such person to pay, he must collect by seizure and sale of any personal property owned by such person.

Under Sections 429 to 435 every person who refuses to give his own name or the name of any person in his employ, or who in any manner obstructs the Assessor or any of his deputies in the collection of the State Poll Tax, is guilty of a misdemeanor, and liable to a fine of $500 or imprisonment in the County Jail, or both such fine and imprisonment.

Only those persons under twenty-one or over sixty years of age are exempt. Poll tax must be paid on demand.

The same laws apply to the collection of Road Poll Tax as to the collection of State Poll Tax.
